

Identify that living things have basic needs

Teacher presents a picture or a living thing (cat, dog, plant, human) and asks student if it is a living/non-living thing and how do you know it is living?

What does a cat/dog need?

food

water

air

home/shelter

What does a plant need?

food

water

air

light

Rubric

- 1 knows all of them
- 2 knows most of them
- 3 knows some of them
- 4 does not verbalize
